A clear decision for council

Use this pack to choose a program, identify a workable date and prepare a booking enquiry.

Professor Jamz brings a DJ and MC school experience for kindergarten through Grade 8. Music, activities and hosting are adapted for each group, with grade rotations planned around your school.

01

Choose the purpose

For a campaign with promotion and collection support, consider the Fundraising Partnership. For a spirit day, graduation or school celebration without a fundraising campaign, consider the School Dance Experience.

02

Choose the timing

Bring preferred dates, student numbers and grade groups. Half-day programs are two hours. The full-day Fundraising Partnership has a four-hour dance window; lunch, breaks and transitions are planned separately.

03

Identify the full budget

Compare the program fee plus HST. Allow separately for any collection costs, school printing and optional add-ons. Prices and availability are confirmed in your quote.

Bring these choices to the meeting

> **The next decision is to request a quote.** An enquiry does not reserve a date or confirm a booking. Professor Jamz checks availability and follows up with recommendations and next steps.

FUNDRAISING DETAILS

Understand the costs

Review the program fee and collection costs as separate budget items.

One entertainment and support fee

The Fundraising Partnership has a flat entertainment and support fee, with no percentage of pledges charged for that service. Payment-processing costs are separate and depend on your school's collection method.

Choose a collection method

School Cash Online

Use your school's School Cash Online link. Your school manages this option. Confirm the process and any collection costs during planning.

Cash and cheques

These are also available collection options. Agree on the school's handling process and campaign instructions before sharing materials.

Professor Jamz online pledging

The current website FAQ lists a 10% cost for the Professor Jamz online payment option. This is separate from the entertainment and support fee. Confirm the applicable collection fees during planning.

> **School Comes First Guarantee**
> The current School Comes First Guarantee says that if total fundraising is below the agreed partnership fee, the fee is reduced to the amount raised and $100 is donated back to the school. Confirm the applicable arrangement in your quote.

Keep the campaign welcoming

Invite families to contribute if they are able. Celebrate participation, not individual fundraising totals. No amount of fundraising is guaranteed.

PLANNING YOUR DAY

Organizer checklist

Work through these items with your school and Professor Jamz as the plan takes shape.

What your school provides

Choose a main contact, approve campaign details and share materials with families. Provide normal staff supervision, a gym or event space, a standard power outlet, one equipment table and access for setup. Your school manages School Cash Online if selected.

What Professor Jamz helps with

Professor Jamz brings the DJ and MC equipment, sound and music, and handles setup and removal. Planning support covers grade rotations and event timing. The Fundraising Partnership also includes the fundraising structure, digital materials and a live kickoff before the event.
